Our Vision

Founded by Lily Gonçalves, the Blooming Lotus Yoga School of Bali is a sanctuary of peace and a blissful immersion into the Heart of Yoga. Inspired by the timeless wisdom of classical yoga our retreats and courses offer students from around the world a sacred space in which they may open and awaken to their highest potential. Our aim is to empower each individual with the tools and techniques necessary to purify and transform the body/mind into a vessel from which our spiritual essence may shine. We invite and welcome you on this sacred journey back home to the source of the unconditional love, compassion and wisdom that is our Natural State of Pure Being.

“ So much more than a yoga retreat, the Blooming Lotus Yoga programs offer you an ideal setting in which you may dive deep within your true Self to find the clarity, inner peace and happiness that is locked within. With our guidance and the ancient wisdom of yoga we sincerely hope that your retreat will be a life-changing experience that will leave you with a new vision for your life and how to live it to its fullest.

Yoga Retreat Highlights

Four Pillars For A Healthier, Happier and More Holistic Life

Our yoga retreats have been skillfully designed to facilitate the deepest opening of both body and mind. Each day will be filled with an elegant balance of both structured and free time so that you may enjoy yourself to the fullest. Too much structure makes us rigid and tight, while too much free time promotes lack of focus and stagnation. Yoga is about balance and the “middle way” has always proven to be best. As such, each day is crafted to be a synergetic interplay of both fullness and emptiness to give you a complete experience of nature’s myriad forces.

Yoga Classes

Yielding & Strengthening

The daily yoga classes aim at providing you a spectrum of asana sequences that meets you at any level of flexibility, strength and openness. These fluid flows of body and breath focus on developing mindfulness in each moment while touching our own innate Bliss.

Pranayama

Invigorating & Purifying

The ancient art of breathing is called pranayama or the control of the vital force. Prana is the essence of life and learning how to harness this invisible force is the secret to a healthier and happier life.

Meditation

Focusing & Relaxing

The noble art of silent meditation is an essential skill that promotes balance, peace and insight into life. It is the key to enlightenment. Our retreats will give you a complete method of meditation that you can learn here and continue to practice at home to enhance every aspect of life.

Workshops

Healing & Growing

These specialized sessions are a time to play, unwind and learn select principles of yogic practice. Tailored to meet group needs, sessions may include in-depth alignment lessons, Ayurvedic healing practices, dietary and lifestyle advice, yoga nidra, or Balinese offerings.

How To Get The Most Out Of Your Retreat

So much more than just asana (yoga poses), Yoga has the capacity to grant us the greatest riches in life: peace, happiness, love and true knowledge. In fact, Yoga provides a pathway to reach our final destination and discover who we truly are—which is the ultimate Gift.

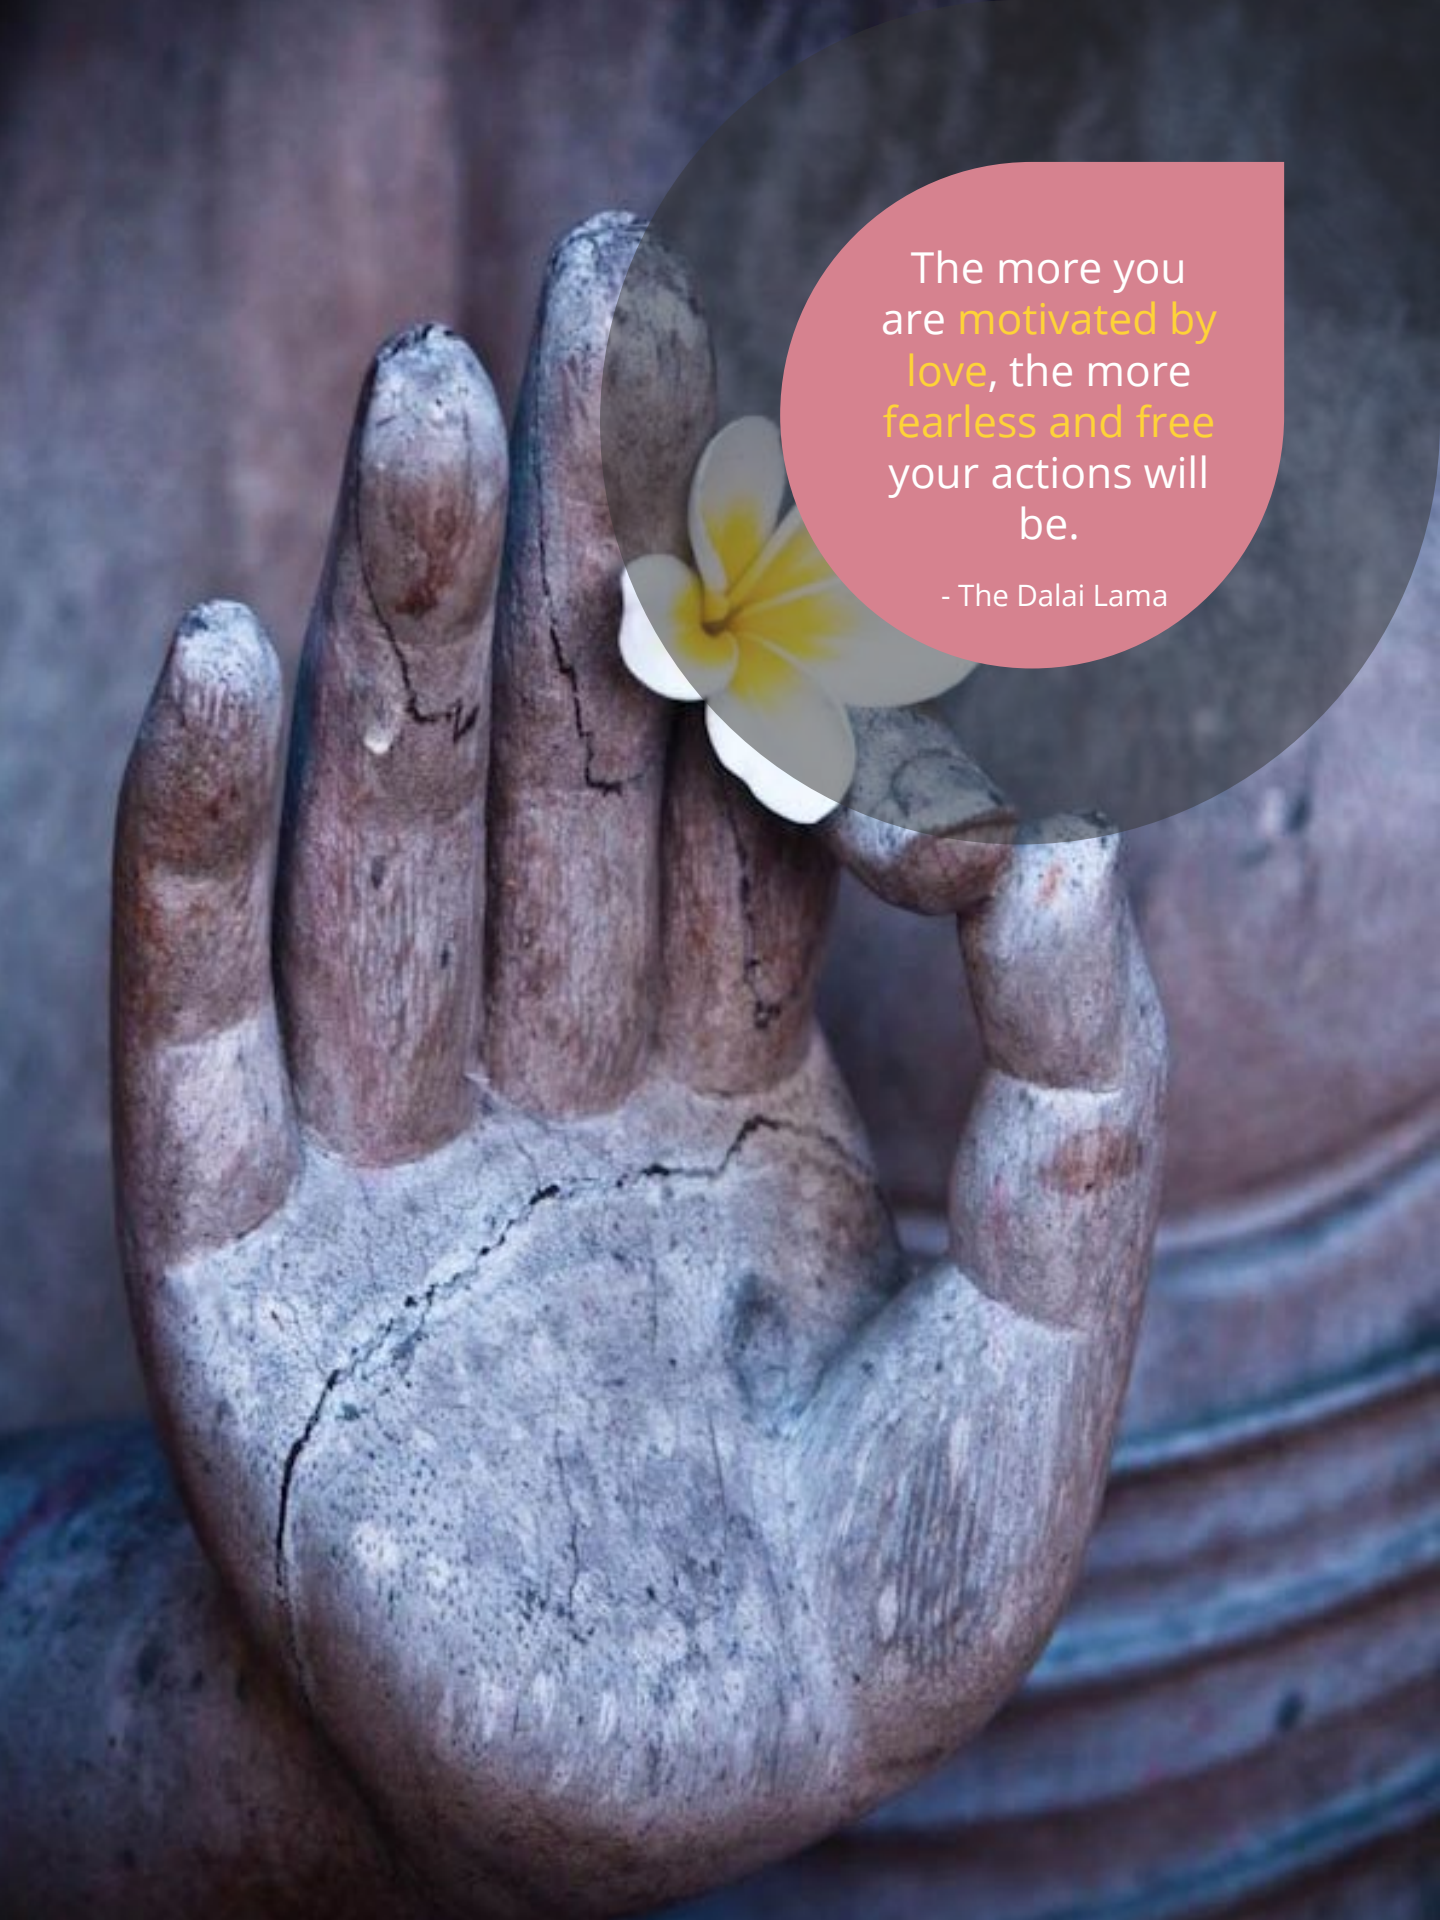

Classical yoga outlines 8 limbs or stages that a practitioner should follow in order to evolve into ever expanding states of higher awareness. Although most Yoga in the West focuses on only one of these stages or limbs (asana or yoga poses), it is certainly more beneficial to practice the other more advanced techniques of pranayama and meditation, along with mindfulness, in order to purify the mind/body and awaken to our highest potential.

Yoga focuses on one's direct personal experience, allowing each individual to see for themselves what serves them, and what limits them. By remaining present in the moment, watching the breath, and witnessing what is happening now, we are able to free ourselves from the negativity of the mind and live a life that is filled with peace and joy.

Our Yoga Retreats provide you a clear, simple and easy roadmap to help guide you towards realizing the natural state of peace and joy within you. This map has been used for thousands of years to help clear doubts, remove obstacles and gently guide each individual towards the goal of human life: Self-Realization.

Below are some suggestions on how to live a “yogic lifestyle” which you are more than welcome to adopt during your retreat. Although not mandatory, we highly recommend that you try to take these guidelines and make them a part of your daily routine, as much as possible and to the degree that you feel it benefits you.

- **Maintain a vegetarian or vegan diet and commit to being smoke and alcohol-free throughout your retreat**
- **Wake up before sunrise**
- **Think, speak, and act in ways that are respectful and kind to others**
- **Wear light colored clothing during practice sessions**
- **Approach each moment with the eyes of a child: without expectation or attachment to the results**
- **Focus on being present in each moment**

are motivated by
love, the more
fearless and free
your actions will
be.

A man with dark hair and a beard is sitting in a meditative pose (Padmasana) in front of a stone archway. He is wearing a white t-shirt and dark pants. His hands are pressed together in a prayer position (Anjali Mudra) near his chest, and his eyes are closed. The background is a textured stone wall with a large archway behind him, through which some greenery is visible. A semi-transparent pink circle is overlaid on the upper right portion of the image, containing a quote.

Your task is not to
seek for love, but
merely to seek and
find all the barriers
within yourself that
you have built
against it.

What To Bring

- **Personal Yoga Mat:** if you have one. Otherwise, we have mats you can use.
- **Notebook and Pen**
- **Yoga Clothes:** It is ideal to wear white or light-colored clothing as it will help to increase the purification process to intensify your yogic practice.
- **Alarm Clock/Watch**
- **Water Bottle:** Filtered water is provided in all the villas. You can fill your water bottle and bring this to the Yoga Shala space to have near you for all your sessions.
- **Sarong:** You will need a sarong for going to the traditional Balinese Temples, both men and women wear them to the temple like skirts. As well, it can get cool in the early mornings & at night, and you may want to have a sarong or sweater to wear during these cooler sessions. You can buy great inexpensive sarongs here in Bali if you arrive early.
- **Toiletries:** shampoo/conditioner, toothbrush/toothpaste, etc. that you would normally bring when traveling abroad.

What To Bring

- **Sunscreen, Sunglasses, Swimsuit** (as well as Flip-flops and a Hat if you wish)
- **Camera & charger** (if you wish)
- **Insect repellent:** Dawn and dusk are times when mosquitoes can come out, and you may want to apply natural mosquito repellent if you wish.
- **Medical prescriptions**
- **Long Sleeves or Sweaters** for cooler mornings and evenings
- **Rain Jacket:** Occasionally it can rain heavily for an hour or so and then go back to tropical sunshine
- **Outlet Adapter:** You may want to bring a “surge protector” if your devices normally use 110-120 volt. Bali’s electricity power supply operates at 220 volts, this is the same as Australia and many European countries that operate 220-240 volt. North America, however, operates at 110-120 volt.

A woman in traditional Balinese attire is the central figure, performing a ritual. She wears a large, ornate headdress made of yellow and white flowers. Her hands are clasped in a prayer-like gesture, holding a small yellow flower. She is wearing a yellow top and a red and black patterned sarong with a gold belt. To her left, another person in traditional Balinese headwear is visible. To her right, a man in traditional Balinese attire is also visible. The background is a blurred outdoor setting with trees and foliage.

...and could you keep
your heart in wonder
at the **daily miracles**
of your life,
your pain would not
seem less wondrous
than **your joy**.

Travel Tips

ESSENTIALS

ACCOMMODATION & CHECK-IN

If you need to arrive earlier than your check-in time, please let us know and we will do our best to accommodate you. Once you arrive, you will be directed to your room, and then have a retreat orientation and yoga class followed by a delicious vegan group dinner in Amrita restaurant.

TRAVELLING TO BALI

When booking your flights to Bali, Indonesia, you will want to fly directly into Bali's capital which is Denpasar (airport code: DPS). Flying from Southeast Asia and Australia, you may want to investigate AirAsia, Garuda Airlines, and Jetstar Airlines as options. The airport is about a 60-minute drive away.

FOOD & SPECIAL DIETARY NEEDS

We will provide two delicious meals a day. Breakfast will be very light to promote quick digestion, while dinner will be delicious international vegan cuisine. We source as much local, sustainable, and organic foods as possible for our menu. We are able to cater to special dietary requests such as gluten or peanut allergies, however as the menu is set for the entire group no other food preferences can be accommodated. Lunch is not provided in the cost of the retreat, which gives you the freedom to go into Ubud with the afternoon shuttle and eat at any of great restaurants there or stay at the villas and order a la carte from the vegan menu.

Travel Tips

WIFI / INTERNET / LAPTOPS / PHONES

There is FREE WIFI available in the dining area as well as in each villa. You can bring your own device, otherwise there are two computers available for your use in the common area

MONEY/CURRENCY

The local currency is the Indonesian Rupiah. There is a safety deposit box in each of the villas where you can store your money, passports, etc. Please bring enough cash in Indonesian Rupiah to pay for any of the extra activities that you may want to participate in during the evening trips into Ubud or on our days off. There are no ATM's at the villas and if you don't have enough money you will need to go into Ubud to withdraw funds. Keep in mind that some ATM machines don't work well for every debit card, so it's best to bring cash and exchange it into Rupiah and have your ATM cards as extra cash. Daily limits for ATM cards depend on your bank as well as the ATM machine. It's best to let your bank know that you're traveling to Indonesia to avoid any unexpected security holds on your debit or visa cards. Most small businesses don't have a way to process your debit or visa card, so it's always best to have cash on hand.

LAUNDRY

You will be able to have your laundry done for you for an additional charge. Please request information from reception.
